# A Word About ISIL

The Indian Society of International Law (ISIL), a premier national institution for teaching, research and promotion of international law in India was established in 1959, primarily due to the efforts of the late V.K. Krishna Menon, Former Defence Minister. Inaugurated by Pandit Jawaharlal Nehru, the first Prime Minister of India, it has indeed been a long and fulfilling journey for the ISIL and it has carved a niche for itself among the community of international lawyers throughout the world. This would not have been possible but for the hard work of giants like Judge Nagendra Singh, Dr. K. Krishna Rao, Mr. G. S. Pathak, Justice R. S. Pathak, Mr. Ram Niwas Mirdha, Prof. M. K. Nawaz, Prof. Upendra Baxi, Prof. R.P. Anand, Prof. Rahmatullah Khan and a host of others.

**The objectives of the ISIL inter alia are:**

- To foster nation-wide, the study and development of international law;
- To interpret through its forums and publications, the application of international law as chiefly affecting India;
- To encourage the comparative study of the application of international law in other states; and
- To promote research in international law
